We are in the manufacturing of Blow Molding articles suitable for powder & liquid packing since 2008. We also manufacture Injection Molding articles.

We are having different range of shapes & sizes from 25ml to 5 Ltr.

We have different shapes available which are suitable to pack Liquid, Semi Solid, Powder type material for different industries as mention below,

1) **Pesticide & agrochemicals**
2) Lubricating & Coolant Product
3) Paint & Chemicals
4) Ayurvedic & Aloevera Products
5) Capsule & Tablet Packing Products
6) Pharma Products

Different images of the products are available on our website www.brightcontainers.com as well as attached here under.

Our production department with latest machinery & well trained staff satisfied customer requirements & gives smooth production at your work place.

All sizes & shapes of bottle top (where induction wad sticks) manufactured with complete machine finishing that gives smooth & even surface on top of the bottle, which helps to seal induction wad very easily and properly on bottle neck.

Transparent Measuring Cup for 25ml and 50ml available. We provide high quality Induction Sealing Wad in all sizes.

If you need sample set or any other information, just call on above numbers or mail us to info@brightcontainers.com

Team **BRIGHT CONTAINERS** is always fulfilling quality norms of Production to satisfy our External Customer.

Thanking you & awaiting your positive reply soon,

Yours truly,

Nihir Shah

Note: If your company has molds then we manufacture products as per your requirement.
